

Special Issue

Mental Health Care: Pandemic and Beyond

Message from the Guest Editor

In light of the significant challenges and transformations observed in the delivery of mental health services during the recent global pandemic, this Special Issue seeks to delve deep into the innovations, adaptations, and resilience of mental health service providers and systems. The aim is not just to document the changes during the pandemic but to draw valuable lessons and insights from them that can shape the future of emergency mental health service delivery. We believe that your expertise and insights in this field would greatly benefit our readers and contribute significantly to this body of knowledge. Key topics include (but are not limited to) the following:

- Innovations in mental health delivery during the pandemic;
- Challenges and barriers faced by service providers;
- Studies showcasing adaptability and resilience;
- Long-term implications and strategies for future preparedness;
- Studies on the COVID-19 outbreak, preventive measures, etc.;
- Studies related to leadership and clinical governance;
- Special sections: youth mental health, neuropsychiatry, etc.

Guest Editor

Dr. Soumitra Das

1. Emergency Mental Health, Sunshine Hospital, Western Health, Melbourne, Australia
2. Tutor for Master of Psychiatry Program, Department of Psychiatry, University of Melbourne, Melbourne, Australia

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania
