

Special Issue

Advances in Dental Prosthetics

Message from the Guest Editors

The field of dental prosthetics is undergoing a rapid transformation, driven by innovations in digital technologies and clinical protocols. This Special Issue, “Advances in Dental Prosthetics”, will bring together cutting-edge research articles and comprehensive reviews that highlight recent progress and future directions in the design, fabrication, and clinical application of prosthetic solutions. Topics of interest include digital workflows such as CAD/CAM and 3D/4D printing, the integration of artificial intelligence into prosthetic planning, esthetics, and long-term biocompatibility. A particular emphasis will be placed on patient-centered outcomes, including enhanced comfort, durability, and individualized treatment approaches. Contributions could also explore advances in implant-supported restorations, full-arch rehabilitations, or minimally invasive techniques to expand treatment possibilities. By bridging clinical practice and technological innovation, this Special Issue will provide a platform for researchers, clinicians, and industry experts to share insights to shape the future of prosthodontics.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
