

Special Issue

The Management and Treatment of Infectious Diseases in Comorbidity with Tuberculosis

Message from the Guest Editors

This Special Issue, “The Management and Treatment of Infectious Diseases in Comorbidity with Tuberculosis”, will include viewpoints, reviews and primary research studies focusing on the management and treatment of infectious diseases in comorbidity with TB. Specifically, manuscripts falling under the themes of: interrelated pathophysiology; epidemiology (systematic review, meta-analysis, cross-sectional studies, retrospective/prospective studies, etc.); clinical manifestations and diagnosis; overlapping toxicity; pharmacokinetic drug–drug interactions; drug supply; monitoring and evaluation; and national surveillance will be considered. Research from low-to-middle-income countries and resource-limited settings, particularly sub-Saharan Africa, are strongly encouraged.

Guest Editors

Dr. Tafadzwa Dzinamarira

Prof. Dr. Claude Mambo Muvunyi

Dr. Mohd Imran

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief
