

Special Issue

Update on Acute Abdominal Surgery

Message from the Guest Editors

This Special Issue will provide a comprehensive overview of recent advancements and current challenges in acute abdominal surgery. It will elucidate evolving trends, novel techniques, and evidence-based practices shaping the field of acute abdominal surgery. This Special Issue will encompass a wide range of topics relevant to surgeons, clinicians, and researchers involved in the management of acute abdominal diseases. Contributions to this Special Issue will showcase cutting-edge research in acute abdominal surgery, including studies on minimally invasive techniques, enhanced recovery protocols, and personalized treatment strategies. Additionally, insights into the pathophysiology of acute abdominal conditions, innovations in surgical instrumentation, and outcomes research will be featured to provide a comprehensive understanding of this field's latest developments. Topics of interest include, but are not limited to, surgical interventions, perioperative management, and long-term outcomes. We encourage submissions that foster dialogue, challenge existing paradigms, and offer practical insights to enhance clinical practice in acute abdominal surgery.

Guest Editors

Dr. Ioannis Katsaros

First Department of Surgery, National and Kapodistrian University of Athens, Laikon General Hospital, Athens, Greece

Dr. Elissaios Kontis

Department of Surgical Oncology, Metaxa Cancer Hospital, Piraeus, Greece

Deadline for manuscript submissions

closed (30 November 2024)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
