Clinical Research and Trials in Gastroenterology and Hepatology

Message from the Guest Editor

The field of Gastroenterology and Hepatology is rapidly evolving owing to the development of novel therapeutic drugs and advancement of the understanding of underlying mechanisms. In this Special Issue, we invite investigators to contribute original research articles, as well as review articles, that will stimulate the continuing efforts to understand the treatment, outcomes, and management of digestive diseases. Topics of interest include, but are not limited to: Disease- and therapy-related outcomes; Novel diagnostic approaches, including biomarkers, serology, and imaging modalities; Endoscopy; Clinical research and trials of biologic and non-biologic therapies; Surgery and related issues
