

Special Issue

Oral and Maxillofacial Surgery: Clinical Advances and Future Directions

Message from the Guest Editors

This Special Issue, 'Oral and Maxillofacial Surgery: Clinical Advances and Future Directions', highlights the latest developments, innovative techniques, and emerging trends shaping the field. It brings together cutting-edge research and clinical insights addressing the full spectrum of oral and maxillofacial surgery, from trauma management and reconstructive procedures to implantology, oncologic surgery, and digital innovations such as 3D printing and artificial intelligence. Emphasis is placed on interdisciplinary approaches that integrate surgical expertise with biomedical engineering, regenerative medicine, and precision diagnostics. The Issue also explores challenges in postoperative care, complication management, and patient-centered outcomes. By showcasing both established and experimental methodologies, this collection aims to advance clinical practice and inspire future research directions. It serves as a comprehensive resource for surgeons, clinicians, and researchers committed to improving patient outcomes and shaping the next generation of oral and maxillofacial surgical care.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
