Advancements in Cardiovascular Medicine and Interventional Radiology

Message from the Guest Editors

The field of cardiovascular disease management has seen remarkable advancements in recent decades, driven by innovative technologies, research breakthroughs, and evolving therapeutic strategies in various medical disciplines, including interventional cardiology, cardiovascular surgery, and interventional radiology. The evolution of novel medication, development of minimally invasive interventional and surgical procedures, the integration of various treatment modalities, and personalized medicine approaches have revolutionized the way we diagnose, treat, follow, and prevent cardiovascular disorders. We would like to invite you to submit papers thematically connected to the scope of this Special Issue. Authors are welcome to submit original articles, reports on novel treatment strategies and advances in decision making, clinical outcome studies, comparative studies, narrative reviews, scoping reviews, systematic reviews, and meta-analyses. We believe that *Advancements in Cardiovascular Medicine and Interventional Radiology* is an ideal platform to exchange perspectives and novelties in the management of cardiovascular disorders.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
