

Special Issue

Diabetes and Obesity: What Is New in 2025

Message from the Guest Editors

This Special Issue of the journal *Medicina* is intended to address new challenges and solicit emerging knowledge in the arena of diabetes and obesity. Its objective is to elicit research submissions that are relevant, innovative, and impactful. The scope of this Special Issue covers all basic and clinical topics that enhance our understanding and clinical applicability of cutting-edge findings leading to state-of-the-art therapeutic approaches. As , we welcome your valuable work ranging from basic cellular-molecular concepts to advancements in public health and pharmacotherapeutic interventions. We look forward to you joining us in a mutual endeavor to provide an avenue for the encouragement and dissemination of important and timely knowledge related to diabetes and obesity in the scientific community.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
