

Special Issue

Stroke: Diagnostic Approaches and Therapies

Message from the Guest Editors

I am writing to invite you to submit a paper to this upcoming Special Issue of the journal *Medicina*, titled "Stroke: Diagnostic Approaches and Therapies". This Special Issue will focus on the latest advances in the diagnosis and treatment of stroke, including the following topics:

- New imaging techniques for the early detection of stroke;
- Novel biomarkers for the prediction of stroke risk;
- Targeted therapies for the prevention and treatment of stroke;
- Rehabilitation strategies for stroke survivors.

The aim of this Special Issue is to provide a comprehensive overview of the latest research in the field of stroke and to identify new directions for future research. We are soliciting papers that report original research, review articles, clinical practice guidelines, commentaries and letters. I hope that you will consider submitting a paper to this Special Issue. The deadline for submission is 30 April 2024. Thank you for your time and consideration. Sincerely,

Guest Editors

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania
