

Special Issue

Laparoscopic Surgery: Purpose, Procedure, and Benefits

Message from the Guest Editors

It is my pleasure to introduce this Special Issue, "Laparoscopic Surgery: Purpose, Procedure, and Benefits". Laparoscopic techniques have revolutionized modern surgery, offering minimally invasive solutions with enhanced precision, faster recovery, and reduced complications. This Special Issue will bring together cutting-edge research, clinical advancements, and expert perspectives in laparoscopic approaches. It will highlight the critical role of laparoscopic surgery in advancing female healthcare and emphasize the importance of interdisciplinary collaboration among surgeons, gynecologists, urologists, and other healthcare professionals. I hope that these contributions will serve as a valuable resource for improving patient outcomes and shaping the future of minimally invasive surgery.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
