

Special Issue

The 10th Anniversary of *Medicines*: Future Directions

Message from the Guest Editor

In 2024, *Medicines* will celebrate its 10th anniversary; thus, we are planning to publish the Special Issue “The 10th Anniversary of *Medicines*: Future Directions”, with a change in scope to be more focused on drugs. We hope that the editorial board member of each of the sections of *Medicines* will consider submitting their systematic reviews and articles on current and future research, including the development of new products and services that ultimately improve quality of life. This invitation is extended to all active researchers, clinical doctors, and practitioners with research interest in the field of therapeutic agents and advanced drug studies.

Keywords

- Clinical application of drugs
- Combination effects of more than two drugs
- Drug development
- Hormesis
- Identification of the target molecule of the drug
- Modulation factors of drugs
- Overcoming drug tolerance
- Pharmacodynamics
- Pharmacokinetics
- Specificity and adverse effects of drugs

Guest Editor

Prof. Dr. Hiroshi Sakagami
