# Research Topics in Medicines and How Our Board Members Are Engaged in Them

## Message from the Guest Editor

Dear Colleagues: The field of medicine is diverse and developing rapidly. Knowing the whole picture is necessary for future intellectuals. *Medicines* is a key journal that publishes information on drug development, mechanisms of action, and therapeutic effects. In this Special Issue, the editorial committee will introduce the latest trends in medicines and their position and highlight the issues that must be addressed urgently.

## **About the Journal**

## Message from the Editor-in-Chief

Medicines (ISSN 2305-6320) is an international, peer-reviewed, and open-access journal aimed at disseminating cutting-edge research in the field of drug discovery and clinical application. It publishes original research papers, research communications, letters, and systematic reviews. The contents of the papers handled are manufacture of new drugs, exploration of drug-delivery systems, therapeutic effect, action mechanism, and their modulation by intrinsic and extrinsic factors. We look forward to handling your contributions in the very near future.
