

## Special Issue

# e-Health in Cardiovascular Medicine

### Message from the Guest Editors

We are pleased to invite you to contribute to this Special Issue, "e-Health in Cardiovascular Medicine", which will be published in *Medical Sciences*. *Medical Sciences* is an international open access scientific journal, providing a platform for advances in basic, translational and clinical research. Citations are available in PubMed and full-text are archived in PubMed Central. The objectives of this Special Issue on "e-Health in Cardiovascular Medicine" are to publish and collect both clinical research, public health and other research contributions from original and high-quality research articles and encourage researchers to investigate topics in the field. The overall goal is to expand our understanding of digital health interventions and how they may transform the prevention and management of cardiovascular disease.
