Deadline for manuscript
submissions:

closed (31 August 2020)

Message from the Guest Editor

Dear Colleagues,

It is my pleasure to invite you all to contribute to this Special Issue on “Chemical Engineering and Membrane Solutions to Global Societal Challenges” that will include all foreseeable challenges, such as, for example, applications in CO₂ capture or its transformation, difficult contaminants, and medical applications, among others. The time is ripe for chemical engineering solutions to critical problems to be compiled and documented.

Note: *Membranes* is one of the collaborators with the 14th Mediterranean Congress of Chemical Engineering (<https://mecce.org/>). Submissions from attendees of MeCCE conference will enjoy a 20% discount on the article processing charge (APC).

an Open Access Journal by MDPI

University of Melbourne,
Melbourne, VIC 3010, Australia

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

Membranes is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Polymer Science*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
