Model Lipid Membrane

Guest Editor:

Dr. Lucia Sessa

Department of Pharmacy,
University of Salerno, 84084
Fisciano, SA, Italy

Deadline for manuscript
submissions:

closed (31 May 2022)

Message from the Guest Editor

For this Special Issue of *Membranes*, authors are invited to present their newest results, and both original papers and reviews related to the study of the behavior of proteins and lipids in a membrane, the structure and functions of different lipids, and the interactions of lipids with membrane proteins, drugs or other nanoparticles are welcome.

keywords:

- protein—membrane interactions
- molecular modeling
- molecular dynamics (MD) simulation
- membrane proteins
- membrane peptides
- membrane dynamics
- membrane modeling and composition
- membrane–drug interactions
- probe membrane
- LUV, GUV

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Spas D. Kolev

School of Chemistry, The
University of Melbourne,
Melbourne, VIC 3010, Australia

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

Membranes is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (Polymer Science) / CiteScore - Q1 (Chemical Engineering (miscellaneous))
