Deadline for manuscript  
submissions:

**closed (30 September 2017)**

### Message from the Guest Editor

Dear Colleagues,

To celebrate the seventh year of the publication of *Membranes*, I have the honor to edit a new Special Issue. The Special Issue will collect original research papers from the frontiers of membrane research, as well as review articles from prominent scholars, highlighting the state-of-the-art of membrane science and technology. I invite researchers and technologists, whose work focuses on membranes and related applications, to contribute with papers disseminating their excellent research findings. We are looking forward to receiving your work.

Prof. Dr. Spas D. Kolev  
*Guest Editor*

an Open Access Journal by MDPI

## Editor-in-Chief

## Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

*Membranes* is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Polymer Science*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
