Membrane Transport and Cytoskeleton Dynamics

Guest Editor:

Dr. Cinzia Progida

Department of Biosciences,
University of Oslo, 0316 Oslo,
Norway

Deadline for manuscript
submissions:

closed (30 September 2021)

Message from the Guest Editor

This Special Issue of *Membranes*, “Membrane Transport and Cytoskeleton Dynamics”, invites contributions in the form of either original research articles or reviews on different aspects related to the function and regulation of the cytoskeleton and membrane compartments, and how these systems function in concert to control various cellular processes in health and diseases.

Keywords

- Membrane trafficking
- Cytoskeleton
- Cell migration
- Organelles
- Small GTPases

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Spas D. Kolev

School of Chemistry, The
University of Melbourne,
Melbourne, VIC 3010, Australia

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

Membranes is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Chemistry, Physical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
