Materials Engineering, University
of Kentucky, Lexington, KY 40506,
USA

Deadline for manuscript
submissions:

closed (10 May 2024)

Message from the Guest Editor

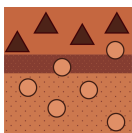

Dear Colleagues,

Women have been underrepresented as first, last, and corresponding authors in prominent authorship positions. Furthermore, according to the UNESCO Institute for Statistics, only 30% of the world's scientific researchers identify as female. Attention should be drawn to the continued imbalance in female representation until parity can be reached. *Membranes* is proud to present our "Women's Special Issue Series: Membrane Materials and Applications", aimed at celebrating the achievements of women in membrane science and technology. The scope of Special Issue includes all aspects of topics in membrane material and application science.

Prof. Dr. Isabel C. Escobar

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

Membranes is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (Polymer Science) / CiteScore - Q1 (Chemical Engineering (miscellaneous))
