

## Special Issue

# State-of-the-Art Membrane Science and Technology in Poland 2021-2022

### Message from the Guest Editors

The present Special Issue is aimed at presenting the current state of the art and recent advances in membrane science and technology in Poland. It is our pleasure to invite you to submit review articles, original papers and communications for this Special Issue. Both experimental and theoretical contributions are welcome. Topics of particular interest include (but are not limited to) the following:

- Development of new membrane materials and processes;
- New application area for membrane technology;
- Methods for mitigation of fouling and scaling;
- Development of membrane module and membrane installations;
- Modeling and simulations of membrane transport and membrane-based process operation;
- Membrane education.

---

### Guest Editors

Prof. Dr. Marek Gryta

Faculty of Chemical Technology and Engineering, West Pomeranian University of Technology in Szczecin, ul. Pułaskiego 10, 70-322 Szczecin, Poland

Prof. Dr. Wojciech Kujawski

Faculty of Chemistry, Nicolaus Copernicus University in Toruń, 87-100 Toruń, Poland

---

### Deadline for manuscript submissions

closed (30 November 2022)

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375). *Membranes* is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Spas D. Kolev  
School of Chemistry, The University of Melbourne, Melbourne, VIC  
3010, Australia

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Polymer Science) / CiteScore - Q1 (Chemical Engineering (miscellaneous))
