Inorganic Membranes and Membrane Catalysis toward Carbon Neutrality

Message from the Guest Editors

The 3rd National Conference on Inorganic Membranes will be held in Huangshan, China from 22 to 25 October 2021. We invite attendees of the 3rd National Conference on Inorganic Membranes to submit their high-quality manuscripts to the relevant journals *Membranes* and *C. Membranes* (ISSN 2077-0375, covered in SCIE (IF 4.106), Ei, Scopus) provides 25% discounts for submissions from this conference. To submit to *Membranes*, please select Special Issue Inorganic Membranes and Membrane Catalysis toward Carbon Neutrality. Suitable contributions from other interested professionals are also welcome.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375). *Membranes* is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.
