Deadline for manuscript  
submissions:  
**closed (28 February 2018)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue will collect selected and contributed talks presented during the Australian and New Zealand Metabolomics Conference (ANZMET 2017) peer sessions held during the Metabolomics 2017 conference (13<sup>th</sup> Annual Conference of the Metabolomics Society) in Brisbane, Queensland, Australia from 25 June until 29 June 2017. Website: [www.anzmet.org](http://www.anzmet.org)

Dr. Devin Benheim

Dr. Farhana R. Pinu

Dr. Konstantinos A. Kouremenos

Dr. Damien L. Callahan

Dr. David P. De Souza

## Message from the Editor-in-Chief

The metabolome is the result of the combined effects of genetic and environmental influences on metabolic processes. Metabolomic studies can provide a global view of metabolism and thereby improve our understanding of the underlying biology. Advances in metabolomic technologies have shown utility for elucidating mechanisms which underlie fundamental biological processes including disease pathology. *Metabolites* is proud to be part of the development of metabolomics and we look forward to working with many of you to publish high quality metabolomic studies.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q2 (Endocrinology, Diabetes and Metabolism)
