

Special Issue

Editorial Board Members' Collection Series: Metabolic Pathway Mapping and Enrichment

Message from the Guest Editor

We are pleased to announce this Special Issue collection, entitled "Editorial Board Members' Collection Series: Metabolic Pathway Mapping and Enrichment". This Issue will compile a collection of papers from our Editorial Board Members and any potential collaborators they may invite. Our aim is to provide a forum for networking and communication between *Metabolites* and scholars in the fields of systems biology, data analysis, and bioinformatics. All papers will be pushlished in a fully open access upon format after a rigorous process of peer review.

Guest Editor

Prof. Dr. Hong-Yu Zhang

College of Informatics, Huazhong Agricultural University, Wuhan 430070, China

Deadline for manuscript submissions

closed (31 August 2024)

About the Journal

Message from the Editor-in-Chief

The metabolome is the result of the combined effects of genetic and environmental influences on metabolic processes. Metabolomic studies can provide a global view of metabolism and thereby improve our understanding of the underlying biology. Advances in metabolomic technologies have shown utility for elucidating mechanisms which underlie fundamental biological processes including disease pathology. *Metabolites* is proud to be part of the development of metabolomics and we look forward to working with many of you to publish high quality metabolomic studies.

Editor-in-Chief

Dr. Amedeo Lonardo

Internal Medicine, Ospedale Civile di Baggiovara, Azienda Ospedaliero-Universitaria, 41126 Modena, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q2 (Endocrinology, Diabetes and Metabolism)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.4 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the first half of 2025).
