

Special Issue

Agribio and Food Metabolomics

Message from the Guest Editors

The Australian & New Zealand Metabolomics Conference (30 August to 1 September, 2018, University of Auckland) was designed from conception as a community-owned event and provides a facilitated networking experience where (1) attendees learn on the first day of each other's interests, experience, scientific background, collaboration opportunities and other avenues for outreach (The Round-Table Discussion); (2) an open-forum format for rich discourse on spontaneous peer-selected topics (The Peer Session); (3) the delivery of critical updates in the field (Traditional Presentations) and (4) the tailored and vital exposure of young scientists to the wider research community (Rapid-Fire Postgraduate Presentation Sessions). More information about the Australian & New Zealand Metabolomics Conference can be found at: <http://www.anzmet.org/>

Guest Editors

Dr. Daniel A. Dias

Dr. Devin Benheim

Dr. Konstantinos A. Kouremenos

About the Journal

Message from the Editor-in-Chief

The metabolome is the result of the combined effects of genetic and environmental influences on metabolic processes. Metabolomic studies can provide a global view of metabolism and thereby improve our understanding of the underlying biology. Advances in metabolomic technologies have shown utility for elucidating mechanisms which underlie fundamental biological processes including disease pathology. *Metabolites* is proud to be part of the development of metabolomics and we look forward to working with many of you to publish high quality metabolomic studies.

Editor-in-Chief

Dr. Amedeo Lonardo

Internal Medicine, Ospedale Civile di Baggiovara, Azienda Ospedaliero-Universitaria, 41126 Modena, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q2 (Endocrinology, Diabetes and Metabolism)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.4 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the first half of 2025).
