

## Special Issue

# Selected Papers from the 8th International Conference on Mechanics and Materials in Design (M2D 2019)

### Message from the Guest Editors

First, we want to thank you for participating in the M2D2019 Conference held in Bologna last September. With the present letter, we would like to invite you to submit an extended version of the paper you presented at the Conference (Ref. ... ..; Title ... ..) to *Metals* (/Metals/ (ISSN 2079-4991, CODEN:MBSEC7, <https://www.mdpi.com/journal/metals>, published by MDPI Basel, Switzerland). As you probably know, this is a peer-reviewed open-access international journal, indexed by Scopus and WoS, and published by MDPI. Its Impact Factor is currently 2.259. It publishes reviews, regular research papers (articles), and short communications, with no restriction on the length of the papers. Moreover, the journal provides a forum for publishing papers which advance the in-depth understanding of the relationship between the structure, properties, and functions of all kinds of metals. Further details are available on the journal website: <https://www.mdpi.com/journal/metals>. Your full paper must comply with the journal's Instructions for Authors, which are available here: <https://www.mdpi.com/journal/metals/instructions>.

### Guest Editors

Prof. Dr. Maria Richetta

Department of Industrial Engineering, University of Rome Tor Vergata,  
00133 Roma, Italy

Dr. Annalisa Acquesta

Department of Chemical Engineering, Materials and Industrial  
Production, University of Napoli Federico II, Napoli, Italy

### Deadline for manuscript submissions

closed (31 December 2021)

## About the Journal

### Message from the Editorial Board

Metallic materials play a vital role in the economic life of modern societies; contributions are sought on fresh developments that enhance our understanding of the fundamental aspects related to the relationships between processing, properties and microstructure – disciplines in the metallurgical field ranging from processing, mechanical behavior, phase transitions and microstructural evolution, nanostructures, as well as unique metallic properties – inspire general and scholarly interest among the scientific community.

---

### Editors-in-Chief

Prof. Dr. Hugo F. Lopez

Department of Materials Science and Engineering, College of Engineering & Applied Science, University of Wisconsin-Milwaukee, 3200 N. Cramer Street, Milwaukee, WI 53211, USA

Prof. Dr. Yong Zhang

Beijing Advanced Innovation Center of Materials Genome Engineering, State Key Laboratory for Advanced Metals and Materials, University of Science and Technology Beijing, 30 Xueyuan Road, Beijing 100083, China

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Metallurgy and Metallurgical Engineering) /  
CiteScore - Q1 (Metals and Alloys)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
