# Feature Papers Collection: Celebration of the First Impact Factor of Metrology

### Message from the Guest Editors

It is our great pleasure to announce that *Metrology* (ISSN 2673-8244) has received its first Impact Factor of 1.5, as published in the 2025 Edition of Journal Citation Reports® (Clarivate), released in June 2025. To celebrate this wonderful achievement, we are launching this Special Issue to publish top-quality papers from Editorial Board Members and leading researchers who have been invited to submit their work by the Editorial Team. Papers could be both feature-length research papers and review papers describing the current state of the art in one of the subject areas covered by the journal. All papers will be published in open access and free of charge. If you are interested in publishing your work in this Special Issue, please contact us or the Editorial Office.

## About the Journal

### Message from the Editor-in-Chief

*Metrology* draws together researchers from diverse areas of metrology or measurement technology in a wide variety of applications. I encourage you to submit your manuscripts for consideration or publication in the area of measurement engineering, according to the scope of the journal. *Metrology* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.
