Message from the Guest Editors

This Special Issue will publish selected papers from the 2nd International Conference on Advanced Optical Manufacturing Technologies and Applications, and the 4th International Forum of Young Scientists on Advanced Optical Manufacturing (AOMTA and YSAOM 2024)

(<https://b2b.csoe.org.cn/meeting/YSAOM2024.html>) on micromachines in Xi'an, China, 5–7th July 2024. We aim to collect high-quality research papers and review articles from AOMTA and YSAOM 2024, which focus on advanced optical manufacturing technology, optical intelligent manufacturing, ultra-precision manufacturing, precision measurement, intelligent sensing and control, and material science. Papers attracting the most interest at the conference, or that provide novel contributions, will be selected for publication in *Micromachines*. These papers will be peer-reviewed for the validation of research results, developments, and applications.
