Selected Papers from 2017 International Conference on Micro/Nanomachines

Message from the Guest Editors

The 2017 International Conference on Micro/Nanomachines (<http://www.icnmn.org/>) is to be held in Wuhan, China, 25–28 August, 2017 and will provide a perfect venue for global researchers interested in micro/nanomachines to share their research results, establish reciprocal collaborations and spark new ideas. The Special Issue, "Selected Papers from 2017 International Conference on Micro/Nanomachines" of *Micromachines* (ISSN 2072-666X), aims to collect high-quality research papers, short communications, and review articles from the ICMNM 2017 conference, which focus on micro/nanomotors (active colloids), molecular and DNA machines, microactuators and related emerging multidisciplinary fields. We cordially invite you to submit your manuscript to this Special Issue. Manuscripts from attendees of ICMNM 2017 will be preferentially considered for publication in this special issue in *Micromachines*. The publication fee of the first two submitted manuscripts from the attendees will be fully waived after peer review. We will also provide 20% discount on the publication fee for other accepted manuscripts from the conference.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

Editor-in-Chief

Prof. Dr. Ai-Qun Liu

1. Department of Electrical and Electronic Engineering, The Hong Kong Polytechnic University, Hong Kong, China
2. School of Electrical and Electronic Engineering, Nanyang Technological University, Singapore 639798, Singapore

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.2 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
