Special Issue

Micro- and Nanotechnologies for Medicine: Emerging Frontiers and Applications

Message from the Guest Editors

This Special Issue will publish both selected papers from the 7th annual workshop on "Micro- and Nanotechnologies for Medicine: Emerging Frontiers and Applications" (8-12 July 2019, Los Angeles, CA, USA, http://mnm.tissueeng.net/) and external contributions. Advances that have been made in micro- and nanotechnologies are expected to open up new possibilities and applications in diagnostics, therapy, drug delivery, and regenerative medicine. In this workshop, participants will acquire the fundamentals and advances in the fields of three dimensional bioprinting, bioMEMS, biomaterials, and tissue engineering. Leading experts will present the latest advances in the development of novel micro- and nanotechnologies and address a range of different challenges that are of importance to biomedicine at the interface of engineering, medicine, and biological sciences.

Guest Editors

Dr. Mehmet Remzi Dokmeci

Terasaki Institute for Biomedical Innovation, 1018 Westwood Blvd, Los Angeles, CA 90024, USA

Dr. Samad Ahadian

Department of Bioengineering, University of California - Los Angeles, 570 Westwood Plaza, Los Angeles, CA 90095, USA

Deadline for manuscript submissions

closed (15 December 2019)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

Editor-in-Chief

Prof. Dr. Ai-Qun Liu

Department of Electrical and Electronic Engineering, The Hong Kong Polytechnic University, Hong Kong, China

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.2 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
