

Special Issue

Selected Papers from the 9th International Conference on Mechanical Engineering and Automation Science (ICMEAS 2023)

Message from the Guest Editors

This Special Issue will publish selected papers the 9th International Conference on Mechanical Engineering and Automation Science (ICMEAS 2023), Oct. 13-15, 2023, in Xi'an, China. We aim to collect high-quality research papers and review articles from ICMEAS, which focus on mechanical design, actuator/sensor, advanced manufacturing, automation method & technology, robotic system, and related cutting-edge multidisciplinary fields. The conference will cover the following main topics:

- Digital design and topology optimization
- Functional surface interface technology
- Mechanical system dynamics and fault diagnosis techniques
- Advanced manufacturing method
- Artificial intelligence technology
- Micro and nano systems and applications
- Soft and medical robot
- Smart and active materials
- Intelligent measurement technology
- Indiscipline study of mechanical and electrical engineering

Guest Editors

Prof. Dr. Bo Li

Prof. Dr. Yanjie Wang

Dr. Tengfei Zheng

Dr. Yang Gao

Dr. Lixia Li

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

Editor-in-Chief

Prof. Dr. Nam-Trung Nguyen

Griffith University, West Creek Road, Nathan, QLD 4111, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the second half of 2025).
