

## Special Issue

# Microfluidics for Food and Nutrient Applications

### Message from the Guest Editor

In view of these recent microfluidic advances in the food science community, we are putting together a Special Issue about “Microfluidics for Food and Nutrient Applications”, to be published in Micromachines (MDPI). Both microfluidic production and lab-on-a-chip analysis approaches are welcome, as long as they bring advantages over comparable conventional methods.

### Guest Editor

Dr. Sébastien Marze

French National Research Institute for Agriculture, Food & Environment (INRAE), Nantes, France

### Deadline for manuscript submissions

closed (1 November 2021)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

---

### Editor-in-Chief

Prof. Dr. Ai-Qun Liu

1. Department of Electrical and Electronic Engineering, The Hong Kong Polytechnic University, Hong Kong, China
2. School of Electrical and Electronic Engineering, Nanyang Technological University, Singapore 639798, Singapore

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Mechanical Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.2 days after submission; acceptance to publication is undertaken in 1.8 days (median values for papers published in this journal in the second half of 2024).
