submissions:

**closed (15 December 2023)**

### Message from the Guest Editors

Dear Colleagues,

The Special Issue entitled "Sepsis and Septic Shock" aims to present recent research on sepsis and septic shock, specifically in critically ill patient populations and with specific pathogens. Some focal points include, but are not limited to, the following:

- Septic shock in patients with cancer;
- Interactions between gender and sepsis;
- Long term outcomes after sepsis;
- Sepsis in pregnancy and the peripartum period;
- Fungal sepsis.

Additional reviews, original research articles, and communications are welcome.

Prof. Dr. Sharon Einav

Prof. Dr. Marc Leone

## Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*Microbiology*)
