Message from the Guest Editors

We are proud to announce that the journal *Microorganisms* (https://www.mdpi.com/journal/microorganisms) will be the sponsor for the best Oral Presentation at the 13th Annual Amsterdam Chlamydia Meeting (13th AACM) held 1 February 2019 in Amsterdam (see more details at www.AACM.nl). In addition, linked to the 13th AACM, a Special Issue of *Microorganisms* will be launched called “Chlamydiae and Chlamydia-like Bacteria”, and presenters at the 13th AACM can submit a manuscript in the month following the AACM (before 1 March 2019) with a publication goal of the Special Issue being before summer 2019. *Microorganisms* is PubMed retrievable, and will receive an impact factor in July 2019 (based on the journal’s citations in the last two years, it will be approximately 2.5). Please consider publishing your work presented at AACM in this Special Issue.

Besides papers from 13th AACM, this Special Issue also welcomes any submission from Chlamydia field to provide a wide overview on Chlamydiae and Chlamydia-like Bacteria research.

Manuscript submissions open: 1 October 2018
Message from the Editor-in-Chief

“Microorganism” merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed by the Science Citation Index Expanded (SCIE - Web of Science), BIOSIS Previews (Web of Science) and other databases. Citations available in PubMed, full-text archived in PubMed Central.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 21.2 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the second half of 2018).
