

# Special Issue

## $\beta$ -Lactamases, 3rd Edition

### Message from the Guest Editor

This Special Issue is dedicated to all aspects of  $\beta$ -lactamase research, with a special emphasis on the following topics: 1. Their presence in different fields (human, veterinarian and environmental samples); 2. Structure–function analysis; 3. Epidemiology; 4. The genetic basis at the origin of their dispersion (mobile genetic elements and plasmids); 5. The origin of  $\beta$ -lactamase genes; 6. Unknown  $\beta$ -lactamases present in metagenomic samples; 7. Novel drugs resistant to beta-lactamase hydrolysis and inhibitors.

### Guest Editor

Dr. Thierry Naas

School of Medicine, University Paris Saclay, Hopital de Bicêtre, Service de Bactériologie, Bâtiment Broca, 3ème étage, 78 rue du Gal Leclerc, 94275 Le Kremlin-Bicêtre, France

### Deadline for manuscript submissions

closed (16 June 2025)

## About the Journal

### Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

---

### Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for  
Environmental Research, 04318 Leipzig, Germany

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.2 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
