

Special Issue

Effects of Respiratory Viral Infections on the Nervous System

Message from the Guest Editors

In this Special Issue of *Microorganisms*, we invite researchers to contribute original research and review articles dealing with respiratory infection of Central nervous system (CNS), their pathological mechanisms involved in the long-term sequelae, host CNS immune responses, and therapeutic strategies to reduce patient morbidity and mortality.

Guest Editors

Prof. Dr. Pasquale Ferrante

Department of Biomedical, Surgical and Dental Sciences, University of Milan, Via Pascal, 36, 20133 Milano, Italy

Dr. Karen Bohmwald

Millennium Institute on Immunology and Immunotherapy,
Departamento de Genética Molecular y Microbiología, Facultad de Ciencias Biológicas, Pontificia Universidad Católica de Chile, Av. Portugal 49, Santiago 8320000, Chile

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for
Environmental Research, 04318 Leipzig, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.2 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
