

# Special Issue

## Environmental Mycology and Human Health

### Message from the Guest Editors

This Special Issue of *Microorganisms*, titled "Environmental Mycology and Human Health", is addressed to scientists interested in the presence of microorganisms in natural and anthropogenically changed environments. The presence of risk factors in such places indicates the need for constant monitoring, especially in the context of human health. We encourage you to publish the results of your own research within the proposed thematic scope.

---

### Guest Editors

Dr. Anna Biedunkiewicz

Department of Microbiology and Mycology, Faculty of Biology and Biotechnology, University of Warmia and Mazury in Olsztyn, Oczapowskiego 1A Street, 10-957 Olsztyn, Poland

Dr. Mariusz Dyląg

Department of Medical Microbiology, University of Warsaw, Warsaw, Poland

## About the Journal

### Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

---

### Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for Environmental Research, 04318 Leipzig, Germany

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2025).
