

Special Issue

Probiotic and Postbiotic Properties of *Lactobacillus*

Message from the Guest Editor

This Special Issue, entitled "Probiotic and Postbiotic Properties of *Lactobacillus*", aims to present recent research on any aspect of the novel *Lactobacillus* derived from diverse sources of natural, animal, and plant origin in addition to their fermented products, in addition to recent research findings on postbiotics. Some of its focal points include, but are not limited to, the following:

- Recent scientific findings of novel probiotic properties of *Lactobacillus* and their effects on human health
- Novel techniques to isolate *Lactobacillus* and the evaluation of their functional properties
- Postbiotic properties of *Lactobacillus* and their functional study
- Industrial application of *Lactobacillus* for preparation of novel functional foods

Reviews, original research, and communications will be welcome.

Guest Editor

About the Journal

Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for
Environmental Research, 04318 Leipzig, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.2 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
