

Special Issue

Ecology and Emergence of Zoonotic Viruses

Message from the Guest Editors

The aim of this Special Issue is to facilitate a multidisciplinary exchange of cutting-edge laboratory, computational/modeling, and field research on the ecology and emergence of zoonotic viruses. In this Special Issue, we earnestly invite our colleagues to contribute both basic and applied original research articles, as well as reviews on any subject pertaining to the evolution, ecology, dynamics, and emergence of zoonotic viruses.

Guest Editors

Dr. Sasha R. Azar

Department of Pathology, University of Texas Medical Branch,
Galveston, TX 77555, USA

Dr. Tierra Smiley Evans

One Health Institute, School of Veterinary Medicine, University of
California, Davis, CA, USA

Deadline for manuscript submissions

closed (30 June 2022)

About the Journal

Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for
Environmental Research, 04318 Leipzig, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.2 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
