

Special Issue

Interactions between Parasites and Vectors

Message from the Guest Editor

We invite original and review papers on a wide range of topics related to “Parasites and Vectors”. We expect to receive papers related to the following topics:

- Immune reactions of insects;
- Interactions of *Borrelia* and ticks;
- Interactions of bacteria/viruses and ticks (without *Borrelia*);
- Interactions of arboviruses and mosquitoes;
- Interactions of viruses and midges;
- Interaction of plague bacteria and fleas;
- Interactions of malaria parasites and mosquitoes;
- Interactions of *Leishmania* and sandflies;
- Interactions of *Trypanosoma brucei* and tsetse;
- Interactions of *Trypanosoma cruzi* and triatomines;
- Interactions of filarial helminths and mosquitoes;
- Interactions of *Onchocerca* and blackflies.

Guest Editor

About the Journal

Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Editor-in-Chief

Dr. Nico Jehmlich

Department of Molecular Toxicology, UFZ-Helmholtz Centre for
Environmental Research, 04318 Leipzig, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.2 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2025).
