

## Selected Papers from the 3rd European Mineralogical Conference: Mineralogy in the Modern World

Guest Editors:

**Dr. Justyna Topolska**

Department of Mineralogy,  
Petrography and Geochemistry,  
AGH University of Science and  
Technology, 30-059 Kraków,  
Poland

**Dr. Krzysztof Szopa**

Faculty of Natural Sciences,  
University of Silesia in Katowice,  
41-200 Katowice, Poland

Deadline for manuscript  
submissions:

**closed (28 February 2022)**

### Message from the Guest Editors

The leading theme of the 3rd European Mineralogical Conference (EMC2020) “Mineralogy in the Modern World” will serve as a platform for the exchange of ideas and approaches toward solving scientific problems in the realm of mineralogy related sciences, and we hope that this meeting will start new prospective collaborations. Thanks to the involvement of members from the various European mineralogical societies, a wide range of scientific sessions has been prepared.

The research results presented at the conference may be published in this Special Issue of Minerals. All the accepted articles will be published in full open access format. To all that are joining us at the conference, please do not miss out on this the opportunity to submit your full paper to the Special Issue.

an Open Access Journal by MDPI

## Editor-in-Chief

**Prof. Dr. Leonid Dubrovinsky**  
Bayerisches Geoinstitut,  
University Bayreuth, D-95440  
Bayreuth, Germany

## Message from the Editor-in-Chief

*Minerals* welcomes submissions that report basic and applied research in mineralogy. Research areas of traditional interest are mineral deposits, mining, mineral processing and environmental mineralogy. The journal footprint also includes novel uses of elemental and isotopic analyses of minerals for petrology, geochronology and thermochronology, thermobarometry, ore genesis and sedimentary provenance. Contributions are encouraged in emerging research areas such as applications of quantitative mineralogy to the oil and gas, manufacturing, forensic science, climate change, geohazard and health sectors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), GeoRef, CaPlus / SciFinder, Inspec, Astrophysics Data System, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Mining & Mineral Processing*) / CiteScore - Q2 (*Geology*)
