

## Selected Papers from the 16th Weurman Flavour Research Symposium

Guest Editors:

**Dr. Elisabeth Guichard**

Centre des Sciences du Goût et de l'Alimentation (CSGA), INRAE, Dijon, France

**Dr. Jean-Luc Le Quéré**

Centre for Taste, Smell and Feeding Behaviour (Centre des Sciences du Goût et de l'Alimentation, CSGA), INRAE, 21065 Dijon, France

Deadline for manuscript submissions:

**closed (31 December 2021)**

### Message from the Guest Editors

This 16th edition of the Weurman Flavour Research Symposium (<https://symposium.inrae.fr/weurman2020/>) will be held 100% online (Live and On-demand) on May (4–6), 2021. This conference, created in 1975 in memory of Cornelius Weurman and held every three years in different countries in Europe, is an internationally recognised Symposium gathering well-known scientists from academia and industry from different disciplines in the field of flavour research: chemistry, biology, neurophysiology and psychology.

The organizers and the Scientific Committee would like to invite scientists with expertise covering different topics in flavour science, from flavour generation in food/non-food products to flavour perception, well-being and health, who will participate in the symposium, to contribute to this Special Issue.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical  
Biology and Phytochemistry,  
University of Münster,  
Corrensstrasse 48, D-48149  
Münster, Germany

## Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)
