Message from the Guest Editors

Dear Colleagues,

To celebrate the recent publication of *Molecules*' 20,000th paper, the journal's Editor in Chief and Guest Editors have teamed up to invite researchers in all the areas of interest covered by *Molecules* to submit their original research or review articles of the highest quality to celebrate with our readers on this special occasion.

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.
