Message from the Guest Editors

Dear Colleagues,

This Special Issue "Natural Product Pharmacology and Medicinal Chemistry" aims to collect and to disseminate some of the most significant and recent contributions in the interdisciplinary area of pharmacology and medicinal chemistry, namely the characterization and analysis of synthetic and natural products.

This Special Issue is supported by the Sample Preparation Task Force and Network, of the European Chemical Society-Division of Analytical Chemistry (<https://www.sampleprep.tuc.gr/en/home/>).

Prof. Dr. Marcello Locatelli
Prof. Dr. Simone Carradori
Assoc. Prof. Dr. Andrei Mocan
Guest Editor

Deadline for manuscript
submissions:

31 December 2020

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 22nd year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access:—free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed by the [Science Citation Index Expanded](#) (Web of Science), [MEDLINE](#) (PubMed), [Scopus](#) and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 12.3 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2020).
