Message from the Guest Editor

Dear Colleagues,

I would like to invite you to submit a paper to an upcoming Special Issue on "Supramolecular Organic Photochemistry" to be published early next year in *Molecules*. The issue should highlight this vibrant field. Manuscripts that address photochemical processes in all types of confined environments from rigid crystals to flexible micelles, liquid crystals or solvent cages in solutions are of interest. Your contribution would be very welcome for possible publication in this issue.

Please submit your article online at http://www.mdpi.com/user/manuscripts/upload/? journal=molecules.

If you have any questions, feel free to contact me. I look forward to your submission.

Best wishes.

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.
