

Special Issue

Topical Advisory Panel Members' Collection Series: Synthesis of Natural Compounds and Derivatives with Biological Activity

Message from the Guest Editors

We are pleased to announce our forthcoming Special Issue, entitled "Topical Advisory Panel Members' Collection Series: Synthesis of Natural Compounds and Derivatives with Biological Activity". This collection will be assembled from the papers of researchers invited by the Topical Advisory Panel Members. The contributions of other authors will also be considered, but this Special Issue focuses primarily on highlighting recent interesting investigations conducted in the laboratories of our section's Topical Advisory Panel Members. This will allow us to provide an attractive open access publishing platform for organic chemistry and medicinal chemistry research data.

Guest Editors

Dr. Michail Christodoulou

DeFENS, Department of Food, Environmental and Nutritional Sciences,
Università degli Studi di Milano, Via Celoria 2, 20133 Milano, Italy

Dr. Julien Petriguet

Laboratoire Synthèse et Isolement de Molécules Bioactives (SIMBA, EA
7502), Université de Tours, Faculté de Pharmacie, Parc de Grandmont,
31 Avenue Monge, 37200 Tours, France

Deadline for manuscript submissions

closed (31 March 2024)

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
