

## Special Issue

# Advances of Polymer Nanocomposites for Antimicrobial Applications

### Message from the Guest Editors

We are pleased to invite submissions in the form of original research articles, communications, prospects, and short reviews that reflect the key findings regarding the use of PNs in various applications related to their broad-spectrum antimicrobial activity, stimuli-responsive activity, antifouling-microbicidal effect, self-adaptive antimicrobial action, or multimodal sensing properties. This Special Issue is not limited to the abovementioned topics but also welcomes manuscripts on the antimicrobial features of PNs in relation to dental infections, 2D membranes, wound dressing/healing, anticancer drugs, scaffolds, medical implants, etc.

---

### Guest Editors

Dr. Vignesh Kumaravel

Dr. A. Joseph Nathanael

Dr. Deniz Atila

Dr. Bengi Yilmaz

---

### Deadline for manuscript submissions

closed (30 November 2023)

## About the Journal

### Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

---

### Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
