

## Special Issue

# Feature Papers in Photochemistry and Photocatalysis—2nd Edition

### Message from the Guest Editor

We are pleased to announce an upcoming Special Issue of *Molecules* entitled “Feature Papers in Photochemistry and Photocatalysis—2nd Edition”. This issue will constitute a collection of important high-quality papers (original research articles or comprehensive reviews) and will be published in an open access format to host the work of Editorial Board Members or prominent scholars invited by the Editorial Office and the . We aim to gather state-of-the-art or new cutting-edge developments, covering all kinds of topics in the field of photochemistry and photocatalysis through the production of selected works in the hope of making outstanding contributions to the community. This issue will be a forum for disseminating excellent research findings and sharing innovative ideas in the field.

---

### Guest Editor

Prof. Dr. Barbara Bonelli

Department of Applied Science and Technology, and INSTM Unit of Torino-Politecnico, Politecnico di Torino, Duca degli Abruzzi 24, 10129 Torino, Italy

---

### Deadline for manuscript submissions

closed (31 December 2025)

## About the Journal

### Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 30th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

---

### Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarInLit, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2025).
