

Special Issue

Selected Scholars' Exclusive Papers on Natural Products Chemistry

Message from the Guest Editor

This Special Issue of *Molecules* is dedicated to recent advances and hot topics in the research area of natural products chemistry. It comprises a selection of exclusive papers contributed by invited reputable scholars, including the members of the Editorial Board as well as the Topical Advisory Panel of the Section Natural Products Chemistry. This Special Issue is meant to collect articles analyzing the new groundbreaking results of the invited scientists' original research as well as timely review articles discussing key topics in the field. Thus, this Special Issue aims to represent our Section as an attractive open access publishing platform for all aspects of modern contemporary natural products chemistry.

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
