

Special Issue

Nanochemistry in Asia

Message from the Guest Editors

It is our immense pleasure to announce this Special Issue entitled “Nanochemistry in Asia”, guest-edited by and . This Special Issue will showcase a high-quality, cohesive collection of original research articles and comprehensive review papers from leading scientists across Asian countries to highlight cutting-edge advancements and innovations in designing nanoscale materials for transformative applications across diverse fields of medicine and healthcare, electronics, environmental sustainability, optics, and energy. This Special Issue is a forum for the exchange of research findings and innovative ideas in the field. We warmly invite you to contribute your work and participate in this exciting initiative to advance the frontiers of nanochemistry.

Guest Editors

Dr. Lei Huang

Research Center of Nano Science and Technology, College of Sciences, Shanghai University, Shanghai 200444, China

Dr. Feng Hu

College of Materials Science and Technology, Nanjing University of Aeronautics and Astronautics, Nanjing 210016, China

Deadline for manuscript submissions

30 April 2026

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
