

Special Issue

Organic Chromogenic Materials: From Small Molecules to Polymers and Their Applications

Message from the Guest Editors

This Special Issue will collect original research papers and comprehensive reviews focusing on organic chromogenic molecules and polymers for a variety of applications including, but not limited to, electrochromics, photochromics, ionochromics, thermochromics, gaschromics, hydrochromics, acidochromics, solvatochromics, etc.

Guest Editors

Prof. Dr. Jianwei Xu

Institute of Materials Research and Engineering, A-Star, Singapore, Technology and Research (ASTAR), Singapore, Singapore

Prof. Dr. Niu Haijun

School of Chemical, Chemical Engineering and Materials, Heilongjiang University, Harbin 150001, China

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to molecular chemistry, now in its 29th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts, and novel materials. Pushing the boundaries of the discipline, we invite papers on all major fields of molecular chemistry and multidisciplinary topics bridging chemistry with biology, physics, and materials science, as well as timely reviews and topical issues on cutting-edge fields in all of these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
