

Special Issue

Advanced Energy Storage Materials and Their Applications

Message from the Guest Editor

In recent years, significant progress in material and chemistry science, especially in the field of micro-nano science, has made the development and preparation of advanced energy storage materials possible, which also attracts an increasing number of researchers to be devoted to advanced energy storage materials. This Special Issue entitled “Advanced Energy Storage Materials and Their Applications” aims to cover recent progress and trends in energy storage materials. Types of contributions to this Special Issue can be full research articles, short communications, and reviews focusing on the design, development, preparation, characterization, and applications of energy storage materials.

Guest Editor

Prof. Dr. Kun Zheng

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Organic Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
